

IMAGINE IT'S 2030

The air is clean. In the streets, imagine bikes and scooters outnumbering the cars. Imagine parks buzzing with people, but with no litter, no waste. Imagine street art and greenery, cool spaces to hang out. A thriving community vibe. Hammersmith & Fulham – your 'zero carbon' borough – has just been voted the best place in Britain for young people.

**All this could happen by 2030
but first it has to be imagined.**

So what do you imagine? For your street?
Your school? Your community?

Send us your hopes, dreams and ideas
of a better world in 2030.

Paint a picture / design a poster
Write a letter / a poem / a short play
Make a short film
Compose and record a song
